SUBJECT: FREEDOM OF INFORMATION ACT CASE DON-NAVY 2016-004686

Dear Ms. Revas:

This is a final response to your March 21, 2016, Freedom of Information Act (FOIA) request for parts and drawings as described in your attached request.

A thorough search of this Headquarters files was conducted, specifically those files located within the Acquisition and Commonality Directorate (SEA 06). Knowledgeable personnel with that office researched and reviewed the requested information the Navy Ships Engineering Drawing Repository (NSED) and determined that based on the Distribution D markings, it cannot be released to the public under the FOIA.

I considered your request under the FOIA, 5 U.S.C. 552, as amended, and Secretary of the Navy Instruction 5720.42F. While it is noted that this type of data has been routinely released to you in the past under the FOIA, the source of the technical data has changed and is now identified as "Distribution D." As such, I am denying the release of this data under exemption (b)(3). Exemption 3 requires the withholding of information prohibited from disclosure by another statute provided that the statute "(A) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue or (B) establishes a particular criteria for withholding or refers to particular types of matters to be withheld."

10 U.S.C. 130 and the Department of Defense (DoD) implementing directive, DoD Directive 5230.25, prohibit the disclosure of technical data with military or space application in the possession of, or under the control of, the Department of Defense, if such data may not be exported lawfully outside the United States with an approval, authorization, or license under the Arms Export Control Act. 10 U.S.C. § 130 is an exemption 3 statute.

Since the data you have requested is now prohibited from public disclosure for the reasons stated above, I am denying your request.
